WELCOME

Welcome to the fourth Annual Colorado Springs Gay, Lesbian, Bisexual & Transgender Pride Parade & Festival.
This year we Celebrate - Stonewall.
Our Pride, Our Protests.

Twenty-five years have past since the riots at the popular night spot where young transgenders, drag queens and gays fought for their freedom of speech. They started the movement towards GLB&T liberation and to express their freedom in life-styles and cultures. In Colorado Springs, We celebrate the Stonewall Riots, by holding our Parade on or around the day the riots took place, June 27th of each year. Last year the Pride committee moved the date back to July 17th to accommodate for STONEWALLS 25th Anniversary.
We are Here, Again. We are stronger, Still. We Remember, Again.

PRIDEFEST
MERCHANDISE

We have come along way to get here, our journey has been a long, and sometimes frenzied, chaotic, madness, to accomplish our goals of freedom in this place we call home. Never will we forget that Colorado Springs is the birthplace of Amendment 2, and we thank all of the other cities and counties that stood by our side to strike down the Religious Right, who tried to silence our voices. The Purple Mountain Majesties is our home, in the global world we have many friends. They have seen our faces. They have heard our voices. The Logo for this years Event is a celebration of Remembering our triumphs in Defeating Amendment 2. We have farther to go!

INTO THE TWILIGHT

by Dennis Lujan

Way back before My Mother was born there were odd people roaming the dark streets of America in search of a particular group of individuals to hang out with. In the 20's these odd people were often labeled as "QUEER" or "HOMO". During "Prohibition" 1920-33 speakeasies and bathtub gin key-hole establishments could not distinguish wether or not a couple was straight or gay/ lesbian. The element of disguise was the way to get into the speakeasy, men dressing as women and women dressing as men, thus "DRAG" was invented. This was the twilight in the beginning of the Movement towards Gay Rights. Lesbians in the next several decades played a key role in the development of this movement. In the 30's "Vaudeville" had seen many "drag acts" but none such as the black lesbian singer Gladys Bently, dressed in top hat and tails, putting on a manly show for the ladies. Men were finding it easy to slip into drag at night to meet other men at the local hang-outs and not be discovered and they liked it. By the 40's underground groups like the "Daughters of Bilittis" and "Mattachine" were forming to give Lesbians and Gay men an outlet to communicate. This was a slow process to get the word out that we too are one of the same -GAY/ LESBIAN. Other means were taken and these publications went out. Of the few that were published, "The Ladder" and "ONE" lesbian and Gay respectively sent the word out that there were others out there who were just like us, and wanted the same thing for us, acceptance. During this period the book publishing companies started accepting Lesbian Gay fiction in their collection. The War in 40's was the call of the wild for most gays and lesbian as men went to war and women went to work in the factories. It was this episode that brought out same-sex relationships in America, women were finding other women to go out with and in that finding the Sapho- Lesbo connection. Men on the front lines were finding other men to have intimate relationships with, along with those who did not go to war because of flat feet or bad eye sight. By the time WWII was over many otherwise "straight" men and women had found their homosexual niche in life and fought to keep it. In the 50's Drag was popular as ever, even more

so now. At the time "the Lee Girls were hitting stages of underground gay nightclubs and Evlyn Hooker's Study on Gays was required reading. The 60's brought us "Free Love" and yet another war -Vietnam. Greenwich Village was the place to be if you were gay and living in New York. Men and women flocked to the area just to see all the Gays and Lesbians being free but there were many dark clouds overhead- Gayola, Black Civil Rights and to protest the war, we were all there and we wanted to be counted but the press and the law enforcement agencies were out to get us. We were on to them way before. By the time the Psychedelic Venus Church opened its doors in Berkeley Ca. in the late 60's the Homosexual Matrix was already in full swing. Then it happened, Friday June 27th, 1969 police were sent to raid a popular night spot for young Drag Queens and young gay men, the place, The Stonewall Inn. There were rumors of the raid and we as a group took offense. The patrons kept the police at bay for five days of rioting, bottle bashing and heel throwing. Today this stands as our greatest triumph in Lesbian and Gay history,

THE LOVE THAT DARE NOT SPEAK IT'S NAME, WILL NOT SHUT IT'S MOUTH.

IMPERIAL COURT OF THE ROCKY MOUNTAIN EMPIRE

- is the 2nd oldest Gay & Lesbian service organization in Colorado. We are very proud to be in our 21st year. Currently serving our community is The Legendary Iron Wolf Emperor XXI Michael Graczyk & The New Age of The Crystal, The Ruby Orchid Empress XXI Nicole Summers. Along with our troupe from northern Colorado, We wish for a stronger bond with our Brothers and sisters in Colorado Springs, unifying us in pride and strength.

Bobby Hamlin - Bobby is originally from Columbus, Ohio, where he attended Ohio State and Capitol University. He has been involved in local theater since 1977, and was a founding member of the Pikes Peak Gay and Lesbian Community Center. Bobby wishes there was less animosity between local bars: "there is enough of that in our lives today."

Tina Pilonetti - Tina is a modern dancer who incorporates political lesbian feminist dance into the telling of women's stories. Having studied dance since she was five, she will be attending Ohio State in the fall to pursue a BFA in dance.

Katherine Miller - Katherine has a B.S./B.A. from Boston University, where she studied modern dance and ballet. She is currently studying visual communications at the Colorado Institute of Art in Denver.

Kathy Sullivan - Kathy has a degree in dance from Illinois State University. She is currently pursuing a career in dance while simultaneously raising two boys, ages 2 and 3.

First Strike Theater- Created & founded in 1989 By it's director Mary Sprunger-Froese; the" 1st Strike Theater" is a musical theater group existing under the auspices of the "Arts For Peace" project of the Pikes Peak Justice & Peace Commission. The "infamous' groups show's present current social & political issues in a highly entertaining style - mixing music & madness to stir up an audience.

Betty Lynn & Lyn Boudreau

Born at an early age, **Betty Lynn Mehaffy** has been alive ever since. She is a Master Electrician with a degree in sociology; she intermittently writes a column for New Phazes; is a former P-FLAG member; and has been a public speaker on gay rights issues since 1991. She can dance, and very well, Too!

Diversity Chorus- Just over a year old the Diversity Chorus was the hesitant brainchild of Lyn Boudreau, director & 'founder'. It's members have exhibited enthusiastic, preserving dedication to being part of a positive, "bridge building", & exciting musical group- of openly Gay ,Lesbian & Bisexual singers and their straight supporters. Currently at 20-30, the group welcomes any & all to join.

Kathy Dreiling - Kathy's credits include those of singer/songwriter/basist for the all-female group Appaloosa, as well as opening for the likes of Ray Charles, and the Washington Sisters. Ms. Dreiling has resided in Colorado Springs for the past 12 years.

Living in a hotbed of controversy surrounding Gay Rights, Kathy and producer John Standish joined forces to record her song, The Winds Of Change. This song became a theme for the raging controversy concerning Amendment 2. In an effort to build bridges rather than burn them, the song promotes the message of working to find a common ground for those who share the vision but "don't always share the view."

The Friends Of The Court - have been proud and pleased to perform at previous Court Coronations and at the many Court fund-raisers. They are comprised of some of the finest professional and volunteer performers in Colorado Springs, and have continually lent their talents and support to the Gay, Lesbian and Bisexual causes of our community for over ten years.
